Forecast for Wednesday 28 Oct 2020

Weather: Showers will start to feed in from the west during the early hours, these will be frequent and heavy at times throughout the day, with the chance of hail and higher summit snow. The best chance of drier conditions will be in the far south during the morning.

Chance of cloud free mountain/hill tops above 800m: Low throughout the day.

Visibility: Generally moderate or poor, but good at lower levels in any drier interludes.
